Africa Style is part of the House of Wonders group.

House of Wonders was founded in 1994 by a group of friends with a love of travel and a passion for beautiful architecture. The idea was to restore historic buildings in exotic destinations and use the houses for holiday rentals. A passion for Africa has led to the expansion of the Company and the development of Africa Style, a simple way of booking holidays in Sout-East Africa for those wishing to travel in style.

We are VISA/MASTERCARD accredited and are a fully licenced travel Company with our representatives in Malawi, Zambia, Tanzania and Uganda where we own several historic houses and are partners in Chapwani Private Island (Zanzibar).

House of Wonders never recommends a Lodge or a location that has not been visited by a member of the Company and both our multi-lingual staff in Europe and our local representatives pride themselves in their local knowledge.
